## Match Report 2010 Season

What a great seasons fishing it has been on this the associations 50<sup>th</sup> anniversary year. The Roach at Dannemarche have grown and have been a real pleasure to catch. Millbrook started off slow but there were some good weights later on in the season.

Our web site was launched but I must say I am disappointed by how few visits it has had from our members. The feedback, from those that took the time to take a look, has been good and I would encourage all members to visit the site at [www.jfaa.com](http://www.jfaa.com) . It is updated regularly with Match results, catch reports and pictures and other features which should be of interest.

Inter-Insular

On the 25<sup>th</sup> anniversary of the inter-insular Jersey travelled to Guernsey. The match was fished at Willows and after 6 hours Jersey lost.

C.I. Championships won by Tom Dixon Peg 13 4lb 12oz

The Committee Cup won by Mick Pace 97 Points

The Fur and Feather was held on the official birthday of the JFAA. Due to high water levels it was held at Millbrook in very cold and snowy conditions. None of the 9 competing anglers caught but at least we fished on our birthday. After the match 13 members had a Christmas meal at Les Mielles, which was enjoyed by all.

Many thanks to all anglers who took part in matches this season.

Below are the point's totals for the past 2 seasons which is the basis for the team to be picked for the inter-insular. I shall not be fishing this match so the team at the moment is;

Mick Pace  
Dave Wood  
Garry Crisp  
Eddie Read  
Scott Roberts  
Andy Gray

If anyone drops out the next name on the list will be asked.
